

Hey Everyone,

Larry Oxenham has launched a dynamic program called **Simple Leverage Worldwide™**. He's a well known asset protection author, speaker, & educator.

Here's the link confirming his experience: <http://cli.re/lo1>

**Simple Leverage Worldwide™** is a cash leveraging system that follows the outline of crowdfunding & fundraising.

You can raise unlimited cash payments for a one-time investment, for life!

Here are the cash funding levels below:

**Level 1** - \$500 + \$49 (admin fee) = \$549 one-time!

Then, you can raise unlimited \$500's after passing up your 1st \$500.

**Level 2** - \$1,000 + \$99 (admin fee) = \$1,099 one-time!

Then, you can raise unlimited \$500's & \$1,000's after passing up your 1st \$1,000.

**Level 3** - \$2,000 + \$199 (admin fee) = \$2,199 one-time!

Then, you can raise unlimited \$500's, \$1,000's, & \$2,000's after passing up your 1st \$2,000.

**Level 4** - \$3,500 + \$299 (admin fee) = \$3,799 one-time!

Then, you can raise unlimited \$500's, \$1,000's, \$2,000's, & \$3,500's after passing up your 1st \$3,500.

**Simple Leverage Worldwide™** is a member-to-member payment system that eliminates any delays in receiving your money.

You can also create 4 different cash flow streams from each level as this is a 1-up pay plan.

This one factor alone makes **SLW™** one of the most powerful hybrid crowdfunding programs ever created, online or offline.

You generate the lead & our group does the rest.

We explain the program for you, close the sale for you, deliver the digital products for you (yes, we do have products) and train your members for you.

How's that for simplicity?

I sent this to my warm circle and raised **\$21,000 within 3 weeks!**

Also, this can be a complimentary program to your primary opportunity as it helps members raise cash for their enrollment fees.

Crowdfunding is replacing the need of having a bank, getting a loan, financing a car or home, and giving you the peace of mind knowing you can raise cash whenever you desire.

Why not be the one who introduces others to this **AMAZING** hybrid crowdfunding platform & then create multiple streams of cash payments in the process.
